Instant Office Bundles

888VoIP is packaging the Patton SNBX, 3CX Phone System, and the Yealink Ultra-Elegant T4 Series to create the ultimate instant office bundle for our resellers.

Best of Breed

Patton SNBX
Comes with 3CX Phone System and Windows 7 pre-loaded

3CX Phone System License
Your choice of 8 or 16 simultaneous calls

Yealink Phones
Your choice of 8 or 16 Yealink T42G or T46G phones

Patton SmartNode Gateways (Optional)
1 to 32 FXS/FXO and 1 to 4 PRI Gateways

Easy to Sell

The Instant Office Bundle greatly simplifies your ordering process. To choose your package, simply ask yourself:

1.) Do you need 8 or 16 maximum simultaneous calls?

2.) Which Yealink T4 phones do you need?

3.) Do you have any other connectivity or customization needs?

With these three quick questions answered, 888VoIP can have your Instant Office Bundle ready to go!

Easy to Support

888VoIP becomes a single point of contact for service and can forward your issue to the appropriate channel if necessary.

Easy to Install

An IP phone system installation has never been so easy. The SNBX will ship to your door with Windows 7 and 3CX Phone System already installed. From there, simply enter your 3CX license key from 888VoIP to unlock your simultaneous calls and configure your extensions.

Fits Any Office

Does the office want to use SIP trunks or would they like to keep their existing traditional phone lines? Would they like to take a hybrid approach? Does the office have existing legacy telephony equipment (phones, paging speakers, fax, etc.) that they need to integrate?

Not a problem. 888VoIP will help you add the right SmartNode Gateway to your bundle ensuring that everything works together.
